

# CALL FOR PAPERS

The Regional College of Geological, Mining, Petroleum and Environmental Engineers (CRIGMPAL) and the Geological and Energy Research Institute (IIGE) invite you to participate, with the presentation of scientific articles or extensive abstracts, in the XI Ecuadorian Congress of Geology, Mines, Petroleum and Environmental, to be held in June 2023 in Guayaquil, Ecuador.

With this new edition, continuity is given to a proposal established as a point of reference so that academia, professionals and researchers in earth sciences and engineering can share the results of their research.

Papers should be submitted to: [congreso.geologia@geoenergia.gob.ec](mailto:congreso.geologia@geoenergia.gob.ec)

For more information, follow the following link: <https://bit.ly/3C1SLkq>

## Themes:

- Geology
- Geological Hazards and Geomorphology
- Mining and Geotechnics
- Oil
- Environment

## Important dates:

Call 4 Papers opening: September 23, 2022

Final date: December 15, 2022

Papers review: April 3, 2023

Papers accepted: until April 15, 2023

Papers Final Agenda: April 31, 2023

Congress days: June 14, 15 and 16, 2023
